LOUISVILLE FRIDAY, FEB. 8, 1856.

A few days since, we referred to the gage in morements that can only bring disgracement war in Europe as affecting the future and defeat upon themselves, is a marvel. our great staples, cotton and food; and the former and of cating more of the latter at hoty of hatening to the able and eloqueut speech home. As the rumors of peace may or may not of this gentleman, in the House of Representa be true, we continue our remarks on the subject. tives of Kentucky, upon the resolutions repor is peace, they may pass for nothing ed by the Committee on Federal Relatione. That we can manufacture with profit, in mil- is an eloquent speaker, read; in debate, and his rly constructed and managed, will hardly med, when we are, in all coarse cot ments are forcibly expressed and aptly illustri ton fabrics, already successfully competing with England in markets foreign to both. Our obct to-day ie to show that the time is close a' that they are right and just and patriotic and, if it has not already come, when we can When speaking upon the subject he gives utteropen an immense market for a few of the lower grades of cotton fabrics that have not as yet toon to this cause, and an entire conviction that been caported from this country, and for the the American party is the only political organization. king of which there is every possible facility in the West and South.

The first is cetton yarns of the lower num-cherished institutions.

We are truly gratified at the selection of Mr. subject that Great Britain has entirely monopo- Hauson as one of the electors of the America The United States yearly furnish the material will be certain to find a fear the extent of over four hundred thousand and willing champion of American pranciple bales of raw cotton. The markets are all over Few men in the State can equal him in debate, e world; but the most important are in Central and he will go into the canvass with the assur-Europe. There, it is, to some extent, made into cloth in power-looms, but chiefly is woven by rel just." His loins are already girded for the the peasantry, and in the periods when they cau- contest, his armor is bright, and during the comnot labor in the fields, and where hand-labor of the first for the promotion can compete with machinery. It is, also, used of the American cause will be felt and appre largely as the warp for the filling of wool pro-duced by or in the neighborhood of the hand-

Charleston, S. C., from a cotton mill in the in-

the quastion of our new city charter was under discussion, repeatedly assailed him not as a our years amounted to 147,534,689 pounds, quast Democrat but as just so Democrat at all valued at \$33,305,042. Allowing 14 per cent waste, the raw material used was 165,169,741 sounds. The prices obtained for our crop of ward him and the public interests, toss the pa-1852 were somewhat above the average, which, per out of his effice and stop his subscription, and didn't be habitually pass the editor in the estimates at not over 8 cents. By the first, and the semblance of civility restored between them we gol for it say \$14,630,767, leaving for carthere is very little fluctuation in the prace of cotton yarms at the English ports, these figure powed to be worth a round aum of money? The cost of transit on the "waste" in the above quantity is about \$825,000. We have no pre-town Gazette, whose two eyes became such a very remarkable pair of sluices at the bare manufacturing these yavns in England because thought of the dissolution of the Whig party, now arges the claims of Keutucky for the Demographity, however, are the coarse numbers, say from No. 18 to 22. It is vary safe to say that trges Linn Boyd as the man we could make these yarns at 64 cents per 1b., choice should fals! Mac hasn't been a Locowhich it about the average cost of making up foco many months, but he has got as far into \$8,589,754. To put this its store from eligibly three score years and ten-with a pair of seventuat d cotton mills in the South and West, at langue boots.

So powers assessingly of for the quantity stated systems, the potential is not for from eligibly stated dotton mills in the South and West, at New O'leano, Charleston, and New York, would do to the control of the profits of experters. As an all of the profits of experters. In the foregoing astimates the quite possible sea convenient that have been a sixty of the possible that we have put the control of the section of the lasted at possible that we have put the control of the section of the lasted states and possible that we have put the control of the section of the lasted the profits of experters. In the foregoing astimates the quite possible that we have put the control of the section of the lasted states and more convenient than they can be procured. The price of the lasted States—we have power and heat and substitute the section of the world—we have the material at our doors, and, in unemployed woman and children, we now have a great surplus of labor. It requires no more skill in a para mill that his control of the Republic's glory, "to be set saids for an our western water, and foreign markets have been faurly opened to us, our large cotton plum—es well add spinning frames to their ginns, and winds the life or the President systems and the control of the Republic's glory, "to be set saids for an our well-and monopoly of this branch of another," Just as soon as a few extended that the process of the production of the Republic's glory, "to be set saids for an our well-and monopoly of this branch of another," Just as soon as a few stream plant of the Republic's glory, "to be set saids for an our well-and the process of the set of the superance of the superanc

shipper on Wednesday and which arrived here last evening. Among them are 800 packages of goods from the Atlantic clies.

There are indications that the clerk of the weather has at last determined to turn over a new leaf and put ar end to the "cold term; which, for nearly seven weeks, has held all increased, the wise and above, the state of the weather has at last determined to turn over a new leaf and put ar end to the "cold term; which, for nearly seven weeks, has held all increased in the state of the sta complete and the articles are de-

the sale. We refer to his advertisementa and advise all who want such goods to attend this sale.

The wale at the Kentucky Locomotive works will be continued this morning at 10 o'clock, and after the sale of machinery and patterns is concluded there will be offered a large amortment of lumber, together with a number of wagons and carts.

The Young America Minstrels had a better their concert this evening.

The Winstrels have reduced the price of admission to 250 cents. They give their third concert this evening.

The Minstrels have reduced the price of admission to 250 cents. They perform as well as easy similar band we have had here.

The Enjeg winded debate upon the resolutions reported from the Commuttee on Federal Relationships at last them concluded. It did not do the same and a mental and selected, but the proximate cause of its all mails decline was the manufact was at first, full of interest, in the although those who last addressed the Senitar and House were quite as good speakers and quite as able in debate as many of those who preceded items, by et the subject was, at first, full of interest, in the although those who last addressed the Senitar and House were quite as good speakers and quite as able in debate as many of those who preceded items, by et the subject was, at first, full of interest, in the although those who last addressed the Senitar and House were quite as pood speakers and quite as able in debate as many of those who preceded items, by et the subject was, at first, full of interest, the Ashland Bank chaiter bas passed by the better third commerced the price of admission to 250 cents. They perform as well as any laws are required to be passed.

The English quite as able in debate as many of those who preceding evening. They give the subject was at first, full of interest, that and the last and gradually gained a place in the public land the further than the subject of the valuable sixty days in which so may laws are required to be passed.

The Bank question that further the subject of Messrs. S. G. Heary & Co. sell this new banks and the desire to afford an opportion in more leading which are imposed on the new banks and the desire to afford an opportion in the strong at 10 o'clock a variety of choice wines, and to restrain in some measure the enormal terms were then called for reportions and the stricken out.

The committees were then called for reportions and the stricken out.

may tend to restrain in some measure the enormous "bill business," which at present above the greater portion of the means of the old hanks all united to push forward the new hanks and they now only await the approval of the Governor to become laws.

The Senate has been occupied in the consideration of the benevatent enterprize of establishing art institution for the eduration of idiotic and imbersic children. The bill was advocated with much ability by D. Howard Smith, of Scott. It is a meritorious object and until some such provision is made the noble public chair-

BIT. Norman, late of the Indianapolis Sentinel, is again at the head of the New Albany Lodger.

The child of Mr. Hoopor, which was osertously burned last week, died day before yesterday, from the injuries received.

LOUISVILLE CHARMER OF COMMERCE.—We were much gratified last evening in visiting the companies of mit annual meeting, to winness so large, respectable, and intelligent a concourse. We are glad to see that the mercantle community are at last awaking from their lethargy, and giving to this Chamber that support and countenance it so jurity merits.—The remarks upon the success and prosperity of the Itself that the stillity was now universally admitted by even its opposents, met with a hearty approval. Fully do we endorse the sentiments there uttered, and sincerely hope thint our merchants, by a liveral patronage and a continuance of their present zeal and energy, will place the Chamber tupon a permanent and successful basis.

Mr. H. D. Newcomb was re-elected President for the enauting year, Mr. H. Woodbury Fishe Secretary, and Mr. B.m. Casseday Treaturer.

Refley and the societies at marking from the continuance of their present zeal and energy, will place the Chamber tupon a permanent and successful basis.

Mr. H. D. Newcomb was re-elected President for the enauting year, Mr. H. Woodbury Fishe Secretary, and Mr. B.m. Casseday Treaturer.

Refley and Employment Society.—During the late severe weather, Mrs. T. C. Oditman sent to this Society twenty-five pair of blankers for distribution. A most seasonable domain, and one that gave comfort to many a poor family.

FROM TIMES.—The Legislature has passed by I for the protection of the frontier settlements of not exceeding fifteen companies of minute men, to afford protection against hoofile a marrauding in dians, said companies to be composed of no more than forty men each; including one captain, one fluence of the companies of minute men, to afford protection against hostile a marrauding in dians, said companies to be composed of not more than forty men each;
